

25th October 2023

Dear Parents and Carers,

Evidence for Learning – Family app

We are excited to announce that we are ready to be using Evidence for Learning – Family app.

The Family App is going to allow us to share with you ‘Wow moments’ and ‘significant learning moments’, whilst sharing with you the steps of progress toward Personalised Learning Goals and EHCP targets.

We will be holding two workshops to show parents how to use the Family app, as follows:

Workshop 1 - 2nd November at 09:30

Workshop 2 - 16th November at 09:30.

During the workshops we will show you how to log in and what you will be able to see.

Please book your place on your preferred Workshop via the Parents’ Evening booking system on our website: <https://brookside.parentseveningsystem.co.uk>

Following the workshops, we will send a guide out to parents on how to use the Family app.

Yours sincerely,

Nicola Nevell
Assistant Head/SENCo/DDSL
