

6<sup>th</sup> February 2026

Dear Parents and Carers

### **Safer Internet Day 2026**

Safer Internet Day 2026 will take place on the 10<sup>th</sup> February 2026. Safer Internet Day is the UK's biggest celebration of online safety. Each year, Safer Internet Day covers a new theme. For Safer Internet Day 2026, the theme is '**Smart tech, safe choices – Exploring the safe and responsible use of AI**'.

Everyone's talking about AI, and with many children and young people hearing about and using AI online, it's important they have the skills and confidence to make safe choices when they are using smart technology. This Safer Internet Day we are exploring the impact of AI on all of our lives, looking at how AI can be used for good, and giving advice and guidance that empowers people to use AI safely and responsibly.

Coordinated in the UK by the UK Safer Internet Centre, the celebration sees thousands of organisations get involved to promote the safe, responsible and positive use of digital technology for children and young people.

During the week commencing 9th February, children will be taking part in activities and lessons based around improving their knowledge across these vital areas. Safer Internet Day 2026 is a fantastic opportunity to have a conversation with your child about life online, and how we can all work together to make a difference.

The following links offer great up-to-date advice, support and useful tips:

The internet is an amazing resource which enables children to connect, communicate and be creative. I hope you enjoy sharing these resources with your child(ren).

Yours sincerely,

Miss Garcia-Perez and Miss Bailey
